Dear Mr. Carter:

I wanted to follow up with you on the road issue that is located near LaSal in Lisbon Valley. I inspected the road two weeks ago and the County crews have completed the restoration of the road.

If you would pass this information on to Ted Stewart if he needs to be made aware.

Very Truly,

I spoke with Rick Bailey, via phone, concerning the road and extent of de-reclamation. He indicated that the road had been reopened to the point of reclamation encountered at the mine site. The road was not reopened past the mine site. He was unsure of the boundary between private and BLM and whether or not the road had been reopened beyond that point.
